## A Brand New End: Survival and Its Pictures

*Through July 16th*

This exhibition is just one piece in a five-component undertaking by multimedia mastermind Carmen Winant, to investigate how images and self-representation intersect with domestic violence and feminism. The genre-bender and intense researcher uses imagery from the archives of Women in Transition and the National Coalition Against Domestic Violence for many of the new pieces in the center's galleries. And if you're a fan, keep an eye out for Winant's book including materials from the showcase, coming this fall.

*The Print Center, 1614 Latimer Street*
